ABOUT US

A Tradition of Innovation Since 2015

Maxford Healthcare is a fast growing Pharmaceutical company driven by young entrepreneurial minds.

Headquartered in Mumbai, India,

We at Maxford Healthcare understand the importance of Health in one's life and thus we passionately strive to help patients achieve their best health at every stage of their life.

Maxford Healthcare is a Mumbai based Pharmaceutical Company, established in 2015. It has been in the forefront activity with manufacturing and development of new products and improvement of existing products to meet the fast changing and progressively more critical requirements of users.

Maxford Healthcare is in the process of becoming one of the most trusted names in the Pharmaceutical business. We have set the highest quality standards in our product offerings and pride ourselves with a consistent and reliable supply chain, ensuring market compliance & timely delivery. Maxford Healthcare's entry in the formulation business, is because of its deep understanding of market and patient needs. We believe in doing business with a high sense of integrity and in creating shared value for stakeholders at all levels; including patients, distributors, stockists, retailers, field force and the overall society.

Our aim is to improve patients' lives by identifying and commercializing meaningful products that address unmet medical needs, thereby "Nurturing quality of life". As part of our unwavering commitment towards our mission, we are continuing to expand our commercial product portfolio & deepen penetration in the Indian pharmaceutical market.

MISSION STATEMENT

We provide Cost Effective, Innovation based Superior Quality Pharmaceutical Products across the Globe that improve the lives of the Patients.

VISION STATEMENT

To be a Global Pharmaceutical Company, Most Admired for its affordability, Quality and Accessibility of Products.

Aceneq-**Cold & Flu** Tablets

Aceclofenac, Paracetamol, Cetirizine, Phenylephrine, and Caffeine, that helps treat common cold symptoms. It works by blocking the release of certain chemical messengers that cause pain and fever. Cetirizine is an antihistamine medication. It treats allergy symptoms such as itching, swelling, and rashes by blocking the effects of a chemical messenger (histamine) in the body. Phenylephrine is a decongestant which narrows the small blood vessels providing relief from congestion or stuffiness in the nose. Caffeine is a stimulant which decreases sleepiness caused by Cetirizine.

FERROSE-XT is combination of two nutritional supplements: Ferrose Ascorbate and Folic Acid which replenish the body stores of important nutrients Folic acid is a form of vitamin B. It plays a vital role in the formation of red blood cells, which carry oxygen throughout the body. It is also essential in pregnancy due to its role in the development of the unborn baby's brain and spinal cord. Ferrous Ascorbate acts as a catalyst in various biochemical reactions in our body, facilitates transport and utilization of oxygen and helps in cell growth and proliferation. This improves the production of red blood cells and hemoglobin.

MECOYL 2500

Injection

MECOYL PLUS

Injection

MECOYL 2500 Injection is a man-made form of vitamin B12. It is used to treat deficiency of vitamin B12 in the body. Vitamin B12 is important for growth, cell reproduction, blood formation, and protein and tissue synthesis. It also helps to treat anemia, fatigue, and numbness or tingling in the hands and feet.

MECOYL PLUS Pyridoxine is used to treat or prevent vitamin B6 deficiency. It is also used to treat a certain type of anemia (lack of red blood cells). Pyridoxine injection is also used to treat some types of seizure in babies. Pyridoxine taken by mouth (oral) is available without a prescription. Niacinamide (nicotinamide) is a form of vitamin B3 (niacin) and is used to prevent and treat niacin deficiency (pellagra).

KOFROS-SF

COUGH SYRUP

Kofros-SF : This is a combination of four medicines Dextromethorphan, guaifenesin, phenylephrine, and chlorpheniramine which relieve dry cough. Dextromethorphan is a cough suppressant that relieves cough by reducing the activity of cough centre in the brain. Guaifenesin is an expectorant which decreases the stickiness of mucus (phlegm) and helps in its removal from the airways. Phenylephrine is a decongestant which narrows the small blood vessels providing relief from congestion or stuffiness in the nose. Chlorpheniramine is an antiallergic which relieves allergy symptoms like runny nose, watery eyes and sneezing

KETOZAL

Ketozal : Hair loss. While ketoconazole is most frequently used for its antifungal properties to treat infections or conditions like seborrheic dermatitis, there is anecdotal evidence indicating that it may also help promote hair growth or reduce hair loss. ZPTO is an effective and relatively safe treatment for dandruff. ZPTO also helps in curbing hair fall, where it is caused by dandruff.

Minpot-F
Hair Serum
For Men & Women

MINOXIDIL+FINASTERIDE is a combination medicine of Minoxidil (vasodilator), and Finasteride (5-alpha reductase inhibitor) used to treat alopecia (hair loss). Minoxidil is a vasodilator that stimulates hair growth and prevents baldness. When applied topically, Minoxidil promotes blood flow to the hair follicles, thereby providing sufficient nutrition and oxygen to the hair cell. This process of supplying oxygen and nutrients to the hair cell prevents its death and stimulates hair growth. Finasteride is a 5-alpha reductase inhibitor which reduces dihydrotestosterone (male hormone) levels, thereby preventing thinning of hair follicles in people with androgenetic alopecia (male pattern hair loss).

Men

Fortunately New face men & women face wash is a blend of number of natural whitening ingredients that work just as well as the synthetic ones, without the harmful side effects. These natural ingredients work by absorbing harmful UV rays from the sun & inhibiting the production of melanin in the skin which causes the dark pigmentation. It has best ayurvedic herbs which absorbs UVA and UVB rays and acts as a powerful and effective skin-whitening and protects the skin from sun damage and helps reduce hyperpigmentation

DIRECTION: Moisten Face. Squeeze abundant quantity onto Wet hands. Apply and gently massage onto face and neck with circular motion, avoiding the eye area, Rinse thoroughly pat dry.

ROUSSEL®

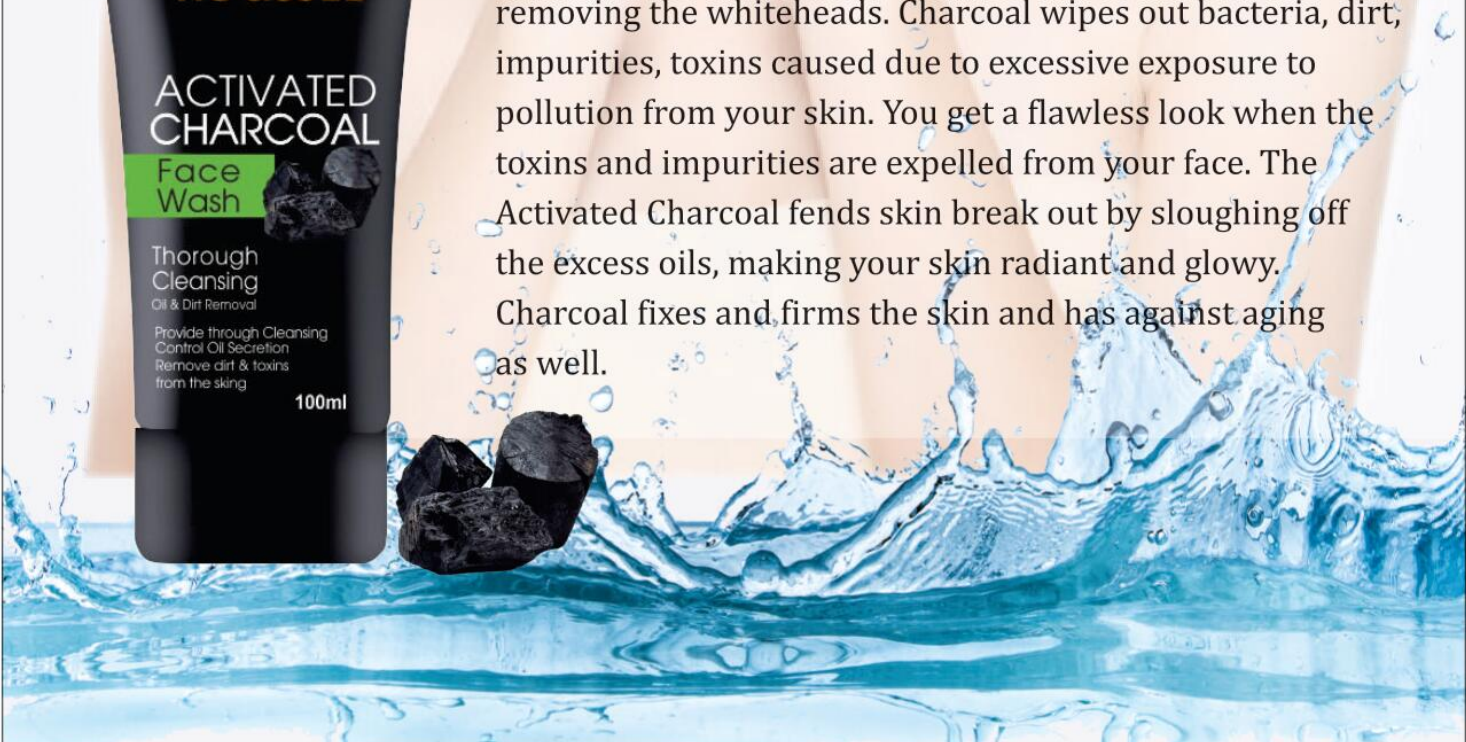

Skinspark - Octinoxate is in a class of chemicals made by mixing an organic acid with an alcohol. In this case, sulfuric acid and methanol combined make octinoxate. This chemical was first produced in the 1950s to filter out UV-B rays from the sun. That means it can help shield your skin from sunburn and skin cancer

ROUSSEL®

Charcoal evacuates excessive oils and purifies the skin. Charcoal helps in opening up the clogged pores and removing the whiteheads.
